

Have you ever used CTRL F (for Find)?

- At the top of the document (CTRL Home takes you to the top) use CTRL F and a "Find" screen will appear.
- Enter the **bowler's last name** (too many first names will match) that you want to find.
- When it stops the first time, it will stop on the entered name the first time it appears.
- Use CTRL F again (the same name stays there until you change it) to find any other events they competed in.

NOTES:

- Standings start from the top of the document with Team, then Doubles, then Singles, then All-Events. You can always tell where you are by looking at the scores.
- When searching for siblings, you will stop at the last name entered. If there is a Joe and a Hank, you would have to distinguish which is correct.

- Individual Names are in this format:

Team Event: Linda Beckelic *Doubles, Singles, & All Events:* Beckelic, Linda

CTRL F is very easy to use - and it will be much faster than having to look through this entire document.

Points for ALL CITY TEAMS are determined using the top 5 places in each Division using the chart below:

1 st Place	5 points	
2 nd Place	4 points	It there is a tie in any place - both place receives the same number of points.
3 rd Place	3 points	
4 th Place	2 points	
5 th Place	1 point
