

Membership Eligibility Rule

To maintain eligibility, Youth Bowlers must not bowl, substitute or pace in any bowling activity where *any* of the participants:

- are involved in any form of gambling.
- are awarded any cash, bonds, gift certificates or merchandise prizes.

When a youth bowler accepts money while bowling – whether for score, skill, or position standing – they are not maintaining their amateur status.

Please help them protect their eligibility!

Why? The #1 reason to protect that amateur status is there are thousands of scholarships available each season for them to earn!
